Writing

One should read about historical sites before sightseeing."

~~Many people~~ Nowadays many people prefer not to find out more information about places of interest before going to see it. ~~for~~ I agree with this statement, this is a problem. In my opinion, it ~~let~~ leads to ~~not~~ a mis understanding the main ideas of great creations by tourists. Besides, even if guides tell about it, tourists do not ~~pay~~ want to pay attention, as often people are likely just to take pictures of popular historical sites and not to think about history of places of interest.

Some people may think that it is not a problem, ~~of~~ that people do not pay attention for the past of historical sites. They agree that it is not important to be highly knowledgeable to enjoy a beauty of a wonderful historical site. People are sure that little desks with information near historical sites are very useful and enough but it is not right.

I do not agree with their opinion. For instance, having more information about historical sites in minds helps people to understand its main ideas style, type of building and especially history better. Also, reading about historical sites before sightseeing helps to find out about special details that are not commonly written on information's desks.

In conclusion, I would like to say that all people have to get more information

before seeing great creations on our planet. It will definitely help them to understand ~~its~~ its author's ideas and to get a chance to enjoy beauty of historical sites fully.
